SUMMARY

I am a Software Engineering graduate with two years of experience in frontend development. My expertise lies in creating responsive and user-friendly web applications using modern technologies like React.js and CSS frameworks. I thrive in collaborative environments and have a proven track record of delivering high-quality products.

EXPERIENCE

Front End Developer

Medtronix Systems   📅 09/2022 - 11/2024   📍 Sahiwal, Pakistan

A leading tech company focusing on healthcare technology.

- Developed and maintained frontend applications using React.js.
- Collaborated with designers to implement UI/UX designs.

Front End Developer (Internship)

Services Software House   📅 08/2022 - 12/2022   📍 Sahiwal, Pakistan

A software development company providing various IT solutions.

- Assisted in the development of web applications using HTML, CSS, and JavaScript.
- Gained hands-on experience with web technologies.
